STATEMENT OF OBJECTS AND REASONS

Since Independence and more particularly with the implementation of Five-Year Plans, the building construction activity in our country has expanded almost on a phenomenal scale. A large variety of buildings, many of extreme complexity and magnitude, like multi-storeyed office buildings, factory buildings, residential houses, is being constructed each year. With this increase in building activity, many unqualified persons calling themselves as architects are undertaking the construction of buildings which are uneconomical and quite frequently are unsafe, thus bringing into disrepute the profession of architects. Various organisations including the Indian Institute of Architects, have repeatedly emphasised the need for statutory regulation to protect the general public from unqualified persons working as architects. With the passing of this legislation, it will be unlawful for any person to designate himself as "architect" unless he has the requisite qualifications and experience and is registered under the Act. The legislation is generally on the same lines as similar Acts in other countries.

2. The main features of the Bill are:—

- (a) the creation of a body corporate by the name of "Council of Architecture";
- (b) vesting the requisite powers for the registration of architects in the Council;
- (c) the enrolment initially of persons holding a degree or diploma in architecture recognised by the Central Government or possessing other qualifications which may be prescribed by the Central Government or of persons who are proved to the satisfaction of the Council to have been engaged in practice as architects for a period of not less than five years before the commencement of the proposed legislation;
- (d) subsequent enrolment of persons who hold degrees or diplomas in architecture recognised by the Central Government or who possess other qualifications that may be prescribed by the Central Government;
- (e) holding of enquiries into misconduct of registered architects and taking suitable action;
- (f) prescribing standards of professional conduct and etiquette and code of ethics for architects; and
- (g) assessment of the standards of education and training of architects within the country.

3. The legislation protects the title "architects" but does not make the design, supervision and construction of buildings as an exclusive responsibility of architects. Other professionals like engineers will be free

to engage themselves in their normal vocation in respect of building construction work provided that they do not style themselves as architects.

4. The Bill also stipulates that after the expiry of two years from the date of the Act coming into force, a person who is registered as an architect shall get preference for appointment as an architect under the Central or State Government or in any other local body or institution which is supported or aided from the public or local funds or in any institution recognised by the Central Government.

5. The proposed Bill seeks to achieve the above objects.

NEW DELHI;
The 2nd February, 1972.

FINANCIAL MEMORANDUM

The Bill provides for the constitution of a Council under clause 3, to be known as the Council of Architecture which will have about 35 members. The Bill has empowered the Council under clause 10 to constitute from among its members, an Executive Committee of 7 members. There is provision in the Bill under clause 12 for the appointment of a Registrar who will act as the Secretary of the Council as well as the Treasurer. The Bill also provides under Clause 11 that the President and Vice-President and other members of the Council, shall be entitled to such fees and such allowances as may, with the previous sanction of the Central Government, be fixed by the Council. In consonance with the current practice, the members of the Council will only be drawing their travelling allowance and daily allowance and estimate is, therefore, only made to cover these items of expenditure. The Council has to meet once in every 6 months (vide clause 9) and the Executive Committee as many times, as is necessary. Further, before the setting up of the Council, an expert committee is intended to be set up to go into the qualifications that may be required to be subsequently added to the Schedule to this Bill at the request of an institution. The members of this Committee will also be entitled to travelling and daily allowance and honoraria, where necessary.

2. The Registrar will also be a full time employee of the Council. For the working of the office of the Registrar, staff will be provided. The following is the estimate of the annual expenditure:—

(a) Council Meeting :	TA/DA for 35 members at an average of Rs. 500/- per member for 2 meetings a year.	Rs. 35,000
(b) Executive Committee Meeting :	5 meetings a year average Rs. 3000/- per meeting.	15,000
(c) Telephones, postage and contingencies		12,000
(d) Rent for premises		15,000
(e) Salaries of Staff :		
	Rs.	
(i) Registrar-cum-Secretary	17,000	
(ii) Head Clerk 210-425 (1)	5,000	
(iii) U.D.C. 130-300 (1)	1,000	
(iv) L.D.Cs. 110-180 (2)	7,000	
(v) Stenographer 210-530 (1)	5,500	
(vi) Class IV 70-85 (1) 75-95 (1)	3,600	
	<hr/>	
	42,100	
f) Allowances to Staff		40,000
g) T.A. and other allowances		5,000
h) Unforeseen items		5,000
	<hr/>	
	1,69,100	

The total annual expenditure would be about Rs. 1,70,000.

For office furniture, typewriter and other fixtures, an initial non-recurring expenditure of Rs. 60,000/- is expected. Further the expenditure on the sittings of the expert committee for revision of the schedules, is expected to cost about Rs. 10,000/- which will have to be found from the normal budget of the Ministry.

3. On the income side, the income is from the registration fee of architects and an annual subscription to be paid by the Architects entering their names in the register. The number of regular architects in the country is about 3000 and there are another about 5000 practising as architects, who will be eligible for registration under the provision of this Act. The total number of architects, who may be expected to register, is estimated as 5000 and on the basis of annual subscription of Rs. 20/- the total income is likely to be Rs. 1,00,000/-. It will thus be seen there will be a deficit of about Rs. 70,000 and this may have to be given as a subsidy by Government.

4. To start with, it would be further necessary to advance an initial loan to get the Council going. The amount in question would be the amount required to pay rent and salaries etc. for a period of 6 months and for the initial nonrecurring expenditure for setting up the office. The total amount required would be Rs. 80,000/- for 6 months and Rs. 60,000/- for the initial non-recurring expenditure i.e. a sum of Rs. 1,40,000/-. The amount would have to be made available as an initial loan which the Council would be able to return after it has started functioning. The amount could be met from the normal budget provision of the Ministry.

MEMORANDUM REGARDING DELEGATED LEGISLATION

Clause 43 of the Bill empowers the Central Government to provide by orders published in the Official Gazette for the removal of difficulties that may arise in giving effect to its provisions.

Clause 44 of the Bill empowers the Central Government to make rules to carry out the purposes of the Bill when enacted. The matters in respect of which such rules may be made, *inter alia*, relate to the manner in which elections are to be conducted for certain members of the Council of Architecture; the particulars to be included in the register of architects; the form in which certificates of registration are to be issued; the fee to be paid to the Council by the registered architects; conditions on which the Council can hold an enquiry into a case of professional misconduct. Sub-clause (3) of this clause provides that every rule made by the Central Government shall be laid before Parliament and shall be subject to modification by Parliament.

Clause 45 empowers the Council of Architecture to make regulations not inconsistent with the provisions of the Act or the rules made thereunder to carry out the purposes of the Act with the approval of the Central Government. Such regulations may provide, *inter alia*, for the management of the property of the Council, the summoning and holding of meetings of the Council, the functions of the executive committee of the Council, the powers and duties of the President and Vice-President and the standards of architectural education and training and of professional conduct and etiquette.

The matters in respect of which rules and regulations can be made are generally matters of procedure and administrative detail and it is hardly practicable to provide for them in the Bill itself. The delegation of legislative power is, therefore, of a normal character.

B. N. BANERJEE,
Secretary.
